Enter a descriptive name for MDX 16

The serial port will need to be selected.

Please choose control port:

(Built-In) ^

MC4-R: COM 1

OK Cancel

 License Key

Please go to <https://cpllc.net/?product=anthem-mdx-16> to obtain the necessary license key. The extension will function 100% without a license key for 2 hours.

License Key – this extension requires a paid license key which can be obtained from <https://cpllc.net/?product=anthem-mdx-16>. For testing purposes, this extension will function 100% for 2 hours. Rebooting will reset the two hours.

End-User Experience

This is a driver and as such there is no end user experience.

Limitations/Known Issues

Due to Crestron Home issues, there is no feedback at present if treble is being changed.

Supported Features

Test Environment

List the environments where this driver has been tested and any control system firmware versions used.

- I.E. Crestron Home v3.005.1234

Supported Models

Anthem MDX 16
