Control Programming LLC
Release Notes

UI Tiles – Control Programming LLC - Garage Door - Cloud
version 4.000

Extension

This release note is for the CPLLC UI Tile Garage Door Extension. This extension is for UI purposes only and must be "wired" to the actual hardware control.

Notes and Recommendations

Drivers->UI Tiles->Control Programming LLC->Garage Door

System Requirements and Dependencies

- Crestron Home v4.000
- This extension requires that the License Manager (https://cpllc.net/product/license-manager/) also be installed on the processor

Operation Installation/Upgrade Instructions

Installer Options

Obtain License Key – clicking on the "CPLLC.net" link will take you to the website to purchase the necessary license. The obtained license key will need to be entered in the license manager on the appropriate SKU.

Show on Home Page – check if extension is to be visible on the home page.

Show in Room Page – checked if extension is visible in the room page.

Tile Clickable – if checked the tile when clicked will toggle between open/close states.
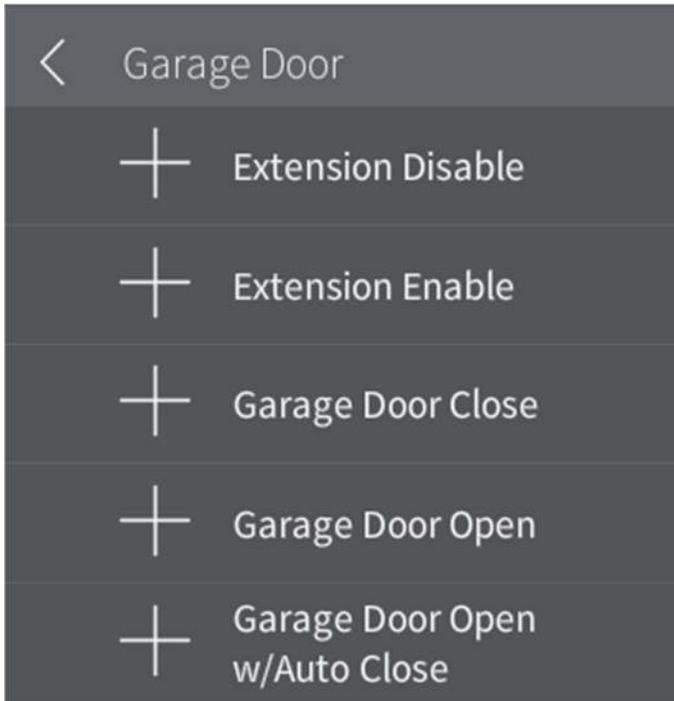

Only Display Tile – if checked, only the tile is displayed, and the additional controls are not displayed.

Starting Pin Code – if a Pin code is desired it is entered here. If left blank no pin code is required.

Seconds between Fully Open/Closed – Seconds to transition between fully opened to fully closed.

Seconds between Fully Closed/Open – Seconds to transition between fully closed to fully opened.

Actions

**Extension Disable –** Disable the extension.

Extension Enabled – Enable the extension.

Garage Door Close – Start the Garage Door closure.

Garage Door Open – Start the Garage Door opening.

Garage Door Open w/Auto Close – Allows the installer to set up an automatic closure feature after a defined number of seconds.

Events
